Are you looking for professional training at great value for money? Affordable Industry Training can help you achieve this with great trainers and flexible training hours at fantastic prices. If you require weekend training this is also no problem, just let us know.

We offer a wide range of RII competency tickets, as well as Certificate 3 Guarantee funded courses.

For further information please feel free to contact our friendly enrolment officers on 1300 279 808.

About us

Affordable Industry Training was established by its sister company, Affordable Driving School, who have been providing quality training since 1992 by its Founder and Managing Director, Jason Vinter. Affordable is now the largest Driver Training Company in Queensland.

We commenced instruction of manual and automatic car lessons more than 26 years ago, Since that time, we have developed into a Registered Training Organization, which allows us to deliver quality training of all truck licensing. After entering the Civil and Mining Industry, we can offer comprehensive training and assessment of plant machinery tickets, short courses and Certificate III courses.

Course

We at AIT offer a wide range of plant, industry and truck courses. The duration of these courses is dependent on Student Client Skill level. Expected course timings are listed on the following page. These units of competency are all competency-based units and therefore the course duration is nominal (student-based learning) and is run until competency is achieved.

Our courses start on a regular basis and anyone wishing to join a course should contact our office on 1300 279 808 for further information and to proceed with enrolment.

With prior arrangement, courses can be scheduled out of normal working hours, but this will generally be for groups of three or more people.

MC truck licence is always one on one training.

Funding available: CSQ or Cert III courses. Eligibility needs to be met.

Conduct Civil Construction Excavator Operations RIIMPO320E (Civil) Conduct Hydraulic Excavator Operations RIIMPO301D (Mining)

At Affordable Industry Training, you'll be working towards your Excavator ticket with a team of friendly, fully-accredited assessors and trainers that have years of accumulated experience. You're sure to get your Excavator ticket quickly when they're helping you behind the controls. This unit covers Excavator operations in the civil construction industry. It includes planning and preparing, conducting machine pre-operation; operating the machine, lifting, carrying and placing materials, selecting, removing and fitting attachments, relocating the machine, carrying out machine operator maintenance and cleaning up.

You will be issued with a nationally recognised photo ID licence and a statement of attainment on completion of the course.

We offer our courses on every day of the year, except Sundays and Public holidays, which is sure to fit around your work timetable. The courses run until you achieve competency and are fit to use an Excavator safely and professionally. This way, you'll come out of our world-class training facility with all the accreditation you require to get working.

The formal and practical training is all done on site at Affordable Industry Training, where our accredited

and experienced trainer/assessors will take you through all theory, practical and assessment components. All training materials will be provided. The theory will include watching some safety DVDs, industry presentations and other materials. After theory training, you'll be issued a training plan covering all the tasks and elements you must learn in practical training, in which you'll also have to log a certain number of practice hours.

Practical training at our training site is fully work-simulated and designed to resemble the modern worksite as closely as possible, which ensures that you learn the necessary skills in the best possible environment.

COURSE REQUIREMENTS:

- can read and write Basic English
- Wear steel cap or work boots.

COURSE DURATION: 1-3 DAYS**COURSE FEES:** \$1200* **EXPERIENCED:** \$1000***Funding available****RPL:** We can do conversions from OHS Licence to RIIMPO320E Licence for \$300**COURSE LOCATION:** Yalata AND Strathpine

*Prices will vary if you have your own machine to work with, Affordable Industry Training can come to you, please contact our office for prices.

Conduct Civil Construction Wheeled Front End Loader Operations RIIMPO321E (Civil)

Conduct Wheel Loader operations RIIMPO304D (Mining)

Working with a Front-End Loader is something that tradespeople find themselves doing on worksites all around Australia. If you're considering a career in the trade or construction industry – or if you're already working and need more accreditation to carry out jobs required of you – then it's a fantastic idea for you to obtain your Front-End Loader ticket in Brisbane with us at the Affordable Industry Training. We are an RTO (Registered Training Organisation) which allows us to both train and assess for this type of course.

Obtaining your Front-End Loader ticket in Brisbane with our team means working with a team of friendly, experienced and professional assessors and trainers who will work with you to ensure you learn everything you need to know about operating a loader – and that you gain your accreditation in a professional and timely manner.

We understand that getting back to work and using your new skills to get your project finished on time is the number one priority for most tradespeople, so we'll help you get back onto the worksite as quickly as possible – with a nationally recognised photo ID licence and statement of attainment.

The formal and practical training is all done on site at Affordable Industry Training, where our accredited and experienced trainer/assessors will take you through all theory, practical and assessment components. All training materials will be provided. The theory will include watching some safety DVDs, industry presentations and other materials. After theory training, you'll be issued a training plan covering all the tasks and elements that you must learn in practical training, in which you'll also have to log a certain number of practice hours.

COURSE REQUIREMENTS:

- can read and write Basic English
- Wear steel cap or work boots.

COURSE DURATION: 1-3 Days

COURSE FEES: \$1200* **EXPERIENCED:** \$1000*

RPL: We can do conversions from OHS licence to RIIMPO321E licence for \$300

COURSE LOCATION: Yalata and Strathpine

*Prices will vary if you have your own machine to work with, Affordable Industry Training can come to you, please contact our office for prices.

Conduct Backhoe/Loader Operations RIIMPO319D

A Backhoe Loader, also called a Loader Backhoe, or colloquially shortened to Backhoe within the industry, is a heavy equipment vehicle that consists of a tractor like unit fitted with a shovel/bucket on the front and a

small backhoe on the back. Due to its (relatively) small size and versatility, backhoe loaders are very common in urban engineering and small construction projects (such as building a small house, fixing urban roads, etc.)

When you call our team at Affordable Industry Training about getting your backhoe licence in Brisbane, you'll be walking out of our facility with a nationally-recognised photo ID accreditation in no time. That's because our team at Affordable Industry Training are committed to providing you with quick and affordable accreditation for the worksite machinery that you need to operate to get your project done. Affordable Industry Training is a RTO (Registered Training Organization), allowing us to train and assess for this course.

effectively on the modern worksite.

We hold courses every day of the year, so you're sure to find a time to complete your Backhoe licence in Brisbane that suits your work timetable. Our courses are provided by fully accredited trainers and assessors with years of experience – our professional team will help you gain the certification you need to work

The formal and practical training is all done on site at Affordable Industry Training, where our accredited and experienced trainer/assessors will take you through all theory, practical and assessment components. All training materials will be provided. The theory work will include watching some safety DVDs, industry presentations and other materials. After theory training, you'll be issued a training plan covering all the tasks and elements you must learn in practical training, in which you'll also have to log a certain number of practice hours.

Your practical training will be conducted on a work-simulated site which will simulate most any workplaces you'll find yourself working on. We find that this most effective way of training. When you complete your backhoe course, you'll have your photo ID and Statement of Attainment to show to any future employer.

Conduct Civil Construction Skid Steer Loader Operations RIIMPO318E

Are you looking for an efficient and affordable way to obtain your skid steer / Bobcat licence? As an RTO (Registered Training Organization), Affordable Industry Training can train and assess for this course. We provide nationally recognised training and assessment – RIIMPO318D, the prerequisite course for getting your Skid Steer / Bobcat ticket in Brisbane.

All training and assessment is done onsite at Affordable Industry Training, by experienced and fully accredited trainers and assessors. This is a competency based course, with certain minimum benchmarks which must be met. All training materials are provided – all you must bring is a great attitude and a willingness to learn!

This course consists of a formal (theory) component and a practical training component. The theory component will include watching safety and instructional DVDs, as well as industry PowerPoints. Once you have completed the theory, you'll be given a training plan which includes all the RIIMPO318D elements and tasks. Practical Skid Steer training is conducted on a simulated work site, so you'll really get an idea of what it's like to work with a Skid Steer.

Once you've completed the training, you'll be assessed. When you pass this assessment, and are deemed competent in all areas, you'll get your statement of attainment and a photo ID licence. Which is nationally recognised.

COURSE REQUIREMENTS:

- can read and write Basic English
- Wear steel cap or work boots.

COURSE DURATION: 1-3 Days

COURSE FEES: \$1200* **EXPERIENCED:** \$1000*

RPL: We can do conversions from OHS licence to RIIMPO licence for \$300

COURSE LOCATION: Yalata

*Prices will vary if you have your own machine to work with, Affordable Industry Training can come to you, please contact our office for prices.

Conduct Roller Operations RIIMPO317E

If you are after a Roller ticket, then Affordable Industry Training is the place to get one from. We have fully qualified instructors who will train you with the knowledge needed for practical jobs out on site. The training is a one- day course and is competency and theory-based training.

Our formal training covers all aspects of the Roller and includes demonstrations of all requisite elements comprising the Roller training and assessment instrument. Once formal training is completed, you will be required to successfully complete a theory exam to be deemed competent.

This course will teach you all aspects Roller types, characteristics, technical capabilities and limitations, basic principles of soil technology for civil works, basic principles of soil compaction, site and equipment safety requirements and much more.

We run the courses all year round except for public holidays and Sundays unless requested. Once you have been deemed competent you will be issued a Statement of attainment as well as a photographic ID. Which are nationally recognised.

COURSE REQUIREMENTS:

- can read and write Basic English
- Wear steel cap or work boots.

COURSE DURATION: 1-2 Days

COURSE FEES: \$900* **EXPERIENCED:** \$700*

RPL: We can do conversions from OHS licence to RIIMPO licence for \$300

COURSE LOCATION: Yalata

*Prices will vary if you have your own machine to work with, Affordable Industry Training can come to you, please contact our office for prices.

Conduct Telescopic Materials Handler Operations RIHAN309E

Getting your Telehandler ticket can be quick, easy and affordable – all it takes is one call to the team at Affordable Industry Training. We also make it easy to obtain your Telehandler ticket in Brisbane, because we understand that modern tradespeople need knowledge and certification as soon as they can get it, so they can get back to the worksite and put their education to good use. It's our goal to help our trades-based customers to get the certification they need to see all their projects to completion. As a RTO (Registered Training Organization), we are qualified to train and assess for this course.

We run our courses most days of the year, to provide you with the most convenient way possible to get your telehandler ticket in Brisbane. No matter what your schedule permits, you'll find an affordable and educational course that suits your busy timetable.

Our course durations depend on your skill level, and they run until you've obtained the telehandler licence that you require. On completion, we issue you with a photo ID licence (see below example) and a statement of attainment these are nationally recognised. Our courses also have regular breaks with tea and coffee supplied, and we also offer all the training materials you need – in short, we offer a one-stop-shop solution for trade machinery and equipment certification.

COURSE REQUIREMENTS:

- can read and write Basic English
- Wear steel cap or work boots.

COURSE DURATION: 1-3 Days

COURSE FEES: \$800* **EXPERIENCED:** \$800* **RPL:** We can do conversions from OHS licence to RIIMPO licence for \$300

COURSE LOCATION: Strathpine

*Prices will vary if you have your own machine to work with, Affordable Industry Training can come to you, please contact our office for prices.

Conduct Articulated Haul Truck Operations

RIIMPO337D

This course is nationally recognised and includes everything you need to not only pass your assessment and get your Haul Truck Ticket, but also to drive safely and confidently. Our expert instructors each have years of experience and can answer any questions you may have about operating the vehicle. Both the formal and practical training is done on-site at Affordable Industry Training.

We provide all training materials necessary. The theory component of the course includes watching safety and instructional DVDs, as well as PowerPoint presentations about the industry. After the formal part of the assessment, you'll be issued a training plan which includes the topics that make up RIIMPO337D. Once you have completed these tasks and logged the necessary hours (the practical part of the training), you'll be assessed. If you pass your assessment, you'll receive a photo ID licence and a statement of attainment. Which are nationally recognised.

COURSE REQUIREMENTS:

- can read and write Basic English
- Wear steel cap or work boots.

COURSE DURATION: 2-5 Days

COURSE FEES: \$1900* **EXPERIENCED:** \$1500*

RPL: We can do conversions from OHS licence to RIIMPO337D licence for \$300

COURSE LOCATION: Strathpine

*Prices will vary if you have your own machine to work with, Affordable Industry Training can come to you, please contact our office for prices.

 - guiding movement of equipment using approved signals
 - geological and technical data (basic)
 - equipment processes, technical capability and limitations
-
- locates and applies relevant documentation, policies and procedures
 - implements the requirements, procedures and techniques for the safe, effective and efficient conduct of operations with an integrated tool carrier including:
 - interpreting ground conditions
 - driving
 - lifting and moving
 - refuelling vehicles
 - works effectively with others to undertake and complete conducting of operations with an integrated tool carrier that meet all of the required outcomes including:
 - complying with written and verbal reporting requirements and procedures
 - communicating clearly and concisely with others to receive and clarify work instructions
 - communicating clearly and concisely with others to coordinate work activities
 - demonstrates completion of conducting operations with integrated tool carriers that safely, effectively and efficiently meets all of the required outcomes on more than one (1) occasion including:
 - lifting and moving load
 - monitoring, assessing and adjusting equipment performance
 - moving and parking the integrated tool carrier between worksites
 - selecting, fitting and testing attachments
 - cleaning and storing attachments
 - coordinating activities with Dogman to ensure correct selection of slings and lifting gear
 - coordinating activities with Dogman to ensure load and equipment are secured and stabilized.

- **COURSE REQUIREMENTS:**
- can read and write Basic English
- Wear steel cap or work boots.

COURSE DURATION: 1-2 Days

COURSE FEES: \$1000

COURSE LOCATION: Strathpine

Drive Multi Combination Vehicle TLIC4006

With more than two decades in the heavy vehicle industry, Affordable Driving School has an excellent first time MC (multi combination) licence pass rate. Getting your MC licence in Brisbane, QLD opens a whole world of employment opportunities.

The truck used is a MACK prime mover, with an 18 speed Road Ranger gear box (crash box). We also have the Auto Truck.

However, the courses are competency-based training so you may complete this course and be deemed competent in a shorter time frame.

All assessments (testing) is done with our instructor, not through QLD Transport as we are an RTO (Registered Training Organisation), which allows us to train and assess. Therefore, no test is required to be taken with QLD Transport.

Unlike some other multi combination / B double truck driving schools in Brisbane and in the Gold Coast area, we provide comprehensive training that takes you from vehicle orientation right through to the assessment and statement of attainment you need to upgrade your license. This course in competency-based training and takes you right through from theory, practical and to your assessment. It is strictly one on one training.

Once your Trainer and assessor has deemed you fully competent we will then provide you with a statement of attainment for you to take to Queensland Transport and they will then upgrade your licence.

The Queensland Department of Main Roads and Transport laws allow you to drive:

- A class HC vehicle
- A B-double (prime mover towing 2 semitrailers, with 1 semitrailer supported at the front, and connected to, the other semitrailer)
- A road train (motor vehicle, other than a B-double, towing 2 or more trailers)

COURSE REQUIREMENTS: Must hold HR or HC licence to do course.

COURSE DURATION: If you're a HR licence holder you would be required to undertake up to 20 hours of training and assessment.

If you're a HC licence holder you would be required to undertake up to 12 hours of training and assessment. Training and assessment is all competency based.

COURSE FEES: HR-MC \$2400 OR HC-MC \$1595

COURSE LOCATION: Yalata or Strathpine

Medium Rigid Truck

Affordable have more than 20 years' experience in delivering medium rigid truck lessons to Brisbane and Gold Coast based students. Their teaching style is professional, friendly, patient and fun, which means no-pressure lessons and more confident new truck drivers! If you want to get your MR licence and have

been comparing medium rigid truck driving schools, there's no better place than Affordable for getting great lessons at a great value for money rate.

Our instructors have an excellent first time pass rate. They'll make sure you have the skills and knowledge to pass your test, and that you're confident and knowledgeable about what's required of you.

We have pre-arranged tests with Queensland Transport, so the wait is minimal for you. Saturday tests are also available.

The Queensland Department of Main Roads and Transport laws allow you to drive:

- A class LR vehicle
- A bus (more than 8t [GVM](#) with not more than 2 axles) with or without a trailer of not more than 9t GVM

Test Package: \$170; this includes a One Hour Lesson prior to the Test

A booking fee will also be payable to the transport department for any tests.

CONSTRUCTION SKILLS QLD FUNDING (CSQ)

We are happy to announce that Affordable Industry Training is a proud recipient of Construction Skills Queensland (CSQ). (CSQ) is an independent industry funded body supporting employers, workers, apprentices and career seekers in the building and construction industry. We have been granted funds to help fund casual, part-time and full time employees in the construction industry to help fund plant machinery short courses. We would like to also add that Unemployed Eligible Workers can now apply. This can mean eligible employees can gain up to 3 recognised RII plant ticket at nearly half the cost.

Eligibility Criteria. Please refer to: www.csq.org.au for further information

EXISTING WORKER:

An existing worker is a current employee in the building and construction industry who has a one month or more employment relationship with their employer, either full time, part time or casual.

Unemployed Eligible Worker:

An unemployed eligible worker is a person who has been unemployed for a period of not greater than 6 months that would otherwise meet the requirements of an eligible worker.

AHC30916: CERTIFICATE III IN LANDSCAPE CONSTRUCTION

Under the Certificate 3 Guarantee, the Queensland Government provides a subsidy for a range of certificate III level vocational qualifications. Foundation skills training and lower-level vocational qualifications may also be subsidised in certain circumstances.

It is important that you choose the right course for you to take full advantage of the program. The Queensland Skills Gateway displays the courses available under the Certificate 3 Guarantee and provides information about what they cover, the careers they can lead to, and the training providers approved to deliver them.

ENROL NOW!!!!!!!!!!!!!!!!!!!!!!

AHC30916: CERTIFICATE III IN LANDSCAPE CONSTRUCTION

Funded by the Queensland Government. (See Eligibility Criteria)

It is a Queensland Government requirement that Co-Contribution fees apply under the Certificate 3 Guarantee Program. If eligible for Qld Funding, then you only pay "co-contribution" of \$30 non concessional and \$15 for concessional. This is to be paid at time of enrollment.

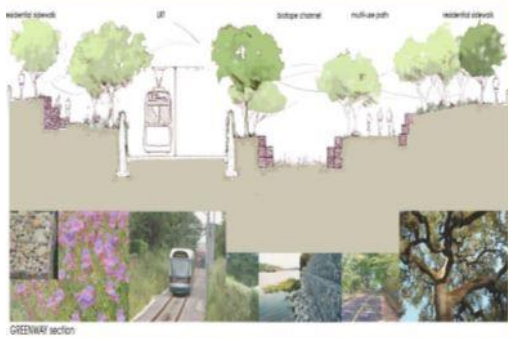

Australian and New Zealand citizens or permanent residents are eligible. Must not be currently enrolled or have completed a Certificate 3 or above.
